

Stannous Fluoride Perio Rinses

FLAVOR	PRESENTATION	RE-ORDER
Spearmint	10 fl. oz. (300ml)	56-00135
Fruit Punch	10 fl. oz. (300ml)	56-00136

- Ionite-H Home Care Perio Rinse is a clear anti-cavity and anti-gingivitis rinse that contains 0.63% stannous fluoride.
- It reduces sensitivity and plaque biofilm while inhibiting the cariogenic microbial process. It reduces gingival inflammation. Prevents demineralization and promotes re-mineralization.
- Stannous fluoride is non-water soluble so there are no food or drink restrictions after application.
- Specially formulated flavors to prevent bitter aftertaste and to give patients a pleasant taste.
- Contains Xylitol, the ideal ingredient for caries prevention. This ingredient is specific in its inhibition of the mutans streptococci group, bacteria that are significant contributors to tooth decay. Safe for diabetics and individuals with hyperglycemia.
- Alcohol-Free. Dye-Free. Paraben-Free.
- Gluten-Free.
- Made in USA.

Sodium Fluoride Dentifrices

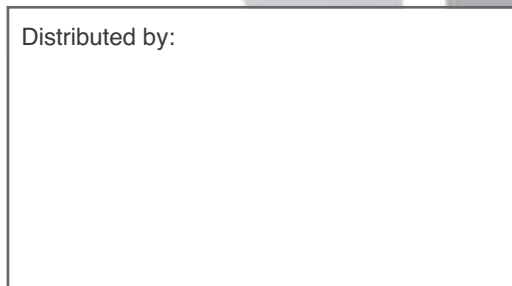

FLAVOR	PRESENTATION	RE-ORDER
Spearmint	4.3oz (122g)	56-00140
Bubble Gum	4.3oz (122g)	56-00141

- Ionite-H Home Care is a prescription strength 1.1% neutral sodium fluoride dentifrice with maximum fluoride protection (5,000ppm) and sensitivity relief (5% potassium nitrate).
- It helps prevent caries, gingivitis and treats sensitivity.
- Exclusive Formula that combines sodium fluoride with tri-calcium phosphate and potassium nitrate. It provides great resistance to acid challenges.
- It is a thixotropic dentifrice that can be applied with a toothbrush or a fluoride tray. It is ideal for treating hypersensitivity before and after whitening procedures. It is recommended for patients with intolerance to acidic fluorides due to xerostomia, bulimia, radiation systemic disease and chemotherapy.
- Specially formulated flavors to prevent bitter aftertaste and to give patients a pleasant taste. It is gentle on bridges, crowns, composites and other aesthetic restorations.
- Contains Xylitol, the ideal ingredient for caries prevention. This ingredient is specific in its inhibition of the mutans streptococci group, bacteria that are significant contributors to tooth decay. Safe for diabetics and individuals with hyperglycemia.
- Ionite-H is the only dentifrice that contains Vitamin E which provides beneficial antioxidant effects and serves as a natural desensitizing agent.
- Low abrasion.
- It is alcohol-free and dye-free.
- Gluten-Free.
- Made in USA.

ionite

in-office fluorides

APF Gels

- Ionite APF is a **60 second acidulated phosphate fluoride gel** that contains a 1.23% fluoride ion.
- It is a **very reliable thixotropic gel** as it flows easily during tray placement and its **thick pudding consistency** minimizes the risk of ingestion and assures **maximum contact with all tooth surfaces**.
- Gluten-Free.
- Low PH that provides **maximum fluoride uptake in 60 seconds**.
- Material consistency offers a **unique balance of viscosity and flow** to ensure closer adherence to enamel and interproximal areas.
- Specially formulated **flavors to prevent bitter aftertaste** and to give patients a pleasant taste.
- Contains **Xylitol**, the ideal ingredient for caries prevention. This ingredient is specific in its **inhibition of the mutans streptococci** group, bacteria that are significant contributors to tooth decay. Safe for diabetics and individuals with hyperglycemia.
- Ionite is the **only fluoride gel that contains Vitamin E** which provides beneficial antioxidant effects and serves as a natural desensitizing agent.
- Made in USA.

FLAVOR	PRESENTATION	RE-ORDER
Bubble Gum	17 fl. oz. (500 ml)	56-00001
Cherry Tart	17 fl. oz. (500 ml)	56-00002
Concorde Grape	17 fl. oz. (500 ml)	56-00003
Marshmallow	17 fl. oz. (500 ml)	56-00004
Valencia Orange	17 fl. oz. (500 ml)	56-00005
Mint Parfait	17 fl. oz. (500 ml)	56-00006
Strawberry Shortcake	17 fl. oz. (500 ml)	56-00007
French Vanilla "Dye Free"	17 fl. oz. (500 ml)	56-00040
Bubble Gum	8.5 fl. oz. (250 ml)	56-00050
Cherry Tart	8.5 fl. oz. (250 ml)	56-00051
Strawberry Shortcake	8.5 fl. oz. (250 ml)	56-00052
Cherry Tart	1 gallon (3.8 l)	56-00060

Neutral Fluoride Gels

- Ionite Neutral is a very reliable thixotropic gel as it flows easily during tray placement and its **thick pudding consistency** minimizes the risk of ingestion and assures **maximum contact with all tooth surfaces**.
- It provides the **perfect non-acidic balance** allowing patients to tolerate and accept fluoride treatments with comfort.
- Contains: 2% Sodium Fluoride (0.90% Fluoride Ion).
- Gluten-Free.
- The neutral PH makes it **ideal for patients with cosmetic restorations or intolerance to acidic fluorides**.
- It is the **only neutral fluoride gel that contains Vitamin E** which provides beneficial antioxidant effects and serves as a natural desensitizing agent.
- Contains **Xylitol** – a well-known ingredient for caries prevention.
- A four minute application is required for optimal fluoride uptake.
- Also **available in a dye-free formulation ideal for patients with allergies to dyes** and for patients who have undergone whitening procedures.
- Made in USA.

FLAVOR	PRESENTATION	RE-ORDER
Mint Parfait	17 fl. oz. (500 ml)	56-00070
Strawberry Shortcake	17 fl. oz. (500 ml)	56-00071
French Vanilla "Dye Free"	17 fl. oz. (500 ml)	56-00080
Strawberry Shortcake	8.5 fl. oz. (250 ml)	56-00085

APF Foams

- Ionite APF is a **60 second acidulated phosphate fluoride foam** that contains a 1.23% fluoride ion.
- It **remains in the tray under bite pressure** due to its very dense consistency, **eliminating gagging and ingestion**.
- Gluten-Free.
- Low PH that provides **maximum fluoride uptake in 60 seconds**.
- Specially formulated **flavors to prevent bitter aftertaste** and to give patients a pleasant taste.

- Contains **Xylitol**, the ideal ingredient for caries prevention. This ingredient is specific in its **inhibition of the mutans streptococci** group, bacteria that are significant contributors to tooth decay. **Safe for diabetics and individuals with hyperglycemia**.
- Each container provides **approximately 110 applications**.
- Made in USA

FLAVOR	PRESENTATION	RE-ORDER
Bubble Gum	4.4 fl. oz. (130ml)	56-00100
Concord Grape	4.4 fl. oz. (130ml)	56-00101
Mint Parfait	4.4 fl. oz. (130ml)	56-00102
Strawberry Shortcake	4.4 fl. oz. (130ml)	56-00103

Fluoride Trays

- Ionite Fluoride Trays are **convenient and comfortable** foam trays for both gels and foams.
- They are **available as single trays and hinged dual trays**. The dual trays have a locking handle for trouble free placement and removal. The single trays also have a convenient handle.
- Trays are color coded for easy identification.

- They have an **anatomical design for a comfortable fit**. It has high walls to inhibit gel overflow and fluoride ingestion. The special design allows the effective delivery of the gel or foam to the interproximal and occlusal area.
- The **contoured shape increases comfort and reduces the gagging reflex** associated with fluoride application.

SINGLE TRAYS (100/BAG)

Size	RE-ORDER
