

## IONITE NEUTRAL FLUORIDE GELS

- Ionite Neutral is a very reliable thixotropic gel as it flows easily during tray placement and its thick pudding consistency minimizes the risk of ingestion and assures maximum contact with all tooth surfaces
- It provides the perfect non-acidic balance allowing patients to tolerate and accept fluoride treatments with comfort
- Contains: 2% Sodium Fluoride (0.90% Fluoride Ion)
- The neutral PH makes it ideal for patients with cosmetic restorations or intolerance to acidic fluorides
- Gluten-Free
- It is the only neutral fluoride gel that contains Vitamin E which provides beneficial antioxidant effects and serves as a natural desensitizing agent
- Contains Xylitol – a well-known ingredient for caries prevention
- A four minute application is required for optimal fluoride uptake.
- Available:

- **Mint Parfait – 500ml (17fl.oz.)** Re-order #56-00070
- **Strawberry Shortcake – 500ml (17fl.oz.)** Re-order #56-00071

- **Fruit Punch** – Re-order #56-00121

## IONITE FLUORIDE TRAYS

- Ionite Fluoride Trays are convenient and comfortable foam trays for both gels and foams.
- They are available as single trays and hinged dual trays. The dual trays have a locking handle for trouble free placement and removal. The single trays also have a convenient handle.
- They have an anatomical design for a comfortable fit. It has high walls to inhibit gel overflow and fluoride ingestion. The special design allows the effective delivery of the gel or foam to the interproximal and occlusal area
- The contoured shape increases comfort and reduces the gagging reflex associated with fluoride application
- Trays are color coded for easy identification.
- Available:

### Hinged Dual Trays (100/bag):

- **Pedo (Green)** – Re-order #56-00193
- **Small (Yellow)** – Re-order #56-00194
