

Lapiss HP

Lapiss HP is an advanced whitening pen developed by dentists to achieve a long lasting white smile with virtually “zero” sensitivity in the comfort of the patient’s own home.

It offers your patients an affordable and convenient teeth whitening.

No Strips No hassles No pain

No Sensitivity No gimmicky lights that do not work

5220 N.W 72 Avenue, Unit 15, Miami, FL. 33166 • 1-877-833-3725 • WWW.DHARMARESEARCH.COM

Key Features:

Quick and easy for you:

Lapiss HP is an excellent marketing addition for your tooth whitening business.

No trays are necessary. Patient does all the work.

Quick and easy for your patient:

Patient can apply the gel in the comfort of their home. It can be applied at night or during the day.

The special formulation makes the gel adhere to the tooth very quickly and a film forms on the tooth.

Super touch-up:

Lapiss HP whitening pen is ideal for touch-ups on patients that had their teeth whitened before.

It will recharge the whiteness. It is also great as whitener on-the-go.

Affordable:

The Lapiss HP whitening pen is extremely affordable for your patients and can be used to introduce your patients to whitening procedures.

Fluoride releasing:

The addition of fluoride remineralizes the tooth enamel while minimizing post-operative sensitivity.

No messy trays:

Product does not require trays or equipment. No chair time required. It is very easy to apply.

The soft brush allows for even distribution of the gel over each tooth surface.

Patient has the flexibility of targeting a specific tooth.

It is recommended that Lapiss HP be applied after brushing and flossing by simply twisting the dial clockwise until the gel is dispensed onto the brush.

“Whitens in less than 30 minutes a day”

Available in two long lasting flavors:

Mint 5% Hydrogen Peroxide - Re-order # 20-00086 Strawberry 5% Hydrogen Peroxide - Re-order # 20-00087	Mint 8% Hydrogen Peroxide - Re-order # 20-00036 Strawberry 8% Hydrogen Peroxide - Re-order # 20-00037
