

Opahl

ORAL ANESTHETIC GEL

OPAHL Oral Anesthetic contains **20% benzocaine** for effective and fast temporary pain relief.

Provides temporary relief of pain during procedures including:
local anesthetic injections, periodontal curettage, impression taking and intra-oral x-rays.

Comforts patients with ulcers, wounds and other minor irritations.

Specially formulated flavors to **prevent bitter** aftertaste and to minimize salivation,
allowing the effect of the oral anesthetic to prevail.

Has a rapid onset within **30 seconds**.

Available: Gel 1.12 oz. (32 g) Gel 0.42oz. (12 g) Metered Spray 2 fl. oz. (60 ml)

RASPBERRY PINA COLADA CHERRY TART DYE FREE STRAWBERRY SHORTCAKE
MINT PARFAIT CONCORD GRAPE MANGO FRAPPE BUBBLE GUM CHERRY TART

OPAHL ORAL ANESTHETIC CONTAINS:

Xylitol: the ideal ingredient for caries prevention. This ingredient is specific in its inhibition of the mutans streptococci group, bacteria that are significant contributors to tooth decay.

Safe for diabetics and individuals with hyperglycemia.

Vitamin E: provides beneficial antioxidant effects.
